EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Donna Fugit on 11/16/05. Applicants' response filed 10/13/05 placed the pending claims of elected Group I of the restriction mailed 1/28/05 into condition for allowance which causes the rejoinder of the method claims of Group II, claims 9-43. Claims 44-49 were included in Group II in error as evidenced by the fact that the claims do not require the hybrid oligomer of Group I, for example. It is noted that applicant has claimed benefit under 35 USC 119(e) from provisional application 60/263,244, however, there is no application data sheet filed in the application and applicant has not made such a claim for benefit in the first paragraph of the specification. The following amendments place the rejoined claims into condition for allowance.

The application has been amended as follows:

Nonelected claims 44-66 have been canceled.

In claim 21, "or preventing" has been deleted from both line 1 and line 2.

In claim 32, "21" has been deleted and replaced with -31--.
